

NOW PROVIDING TELEHEALTH

In response to the COVID-19 public health emergency, we want to let you know that we remain committed to providing services during this time.

As your provider, we will continually update individual service plans and/or rehabilitation goals and objectives to reflect needed changes due to COVID-19.

We will continue to process new referrals and follow-up with any individuals recently disengaging from services.

We remain active in all provider conference calls sponsored by Beacon and PAPRS.

All required supervision for PSS and PRS will be provided.

Get Care, Anywhere

BCRC has partnered with Zoom, the premiere telehealth video conferencing provider, to ensure that individuals receive continued support during this challenging time. Zoom is a HIPAA-compliant platform, offering a very secure way to speak with our practitioners directly from the privacy of your own home.

Telehealth is safe, high-quality, competent and convenient behavioral health services and support via your smartphone, tablet, or computer.

Participants of either service will be provided with educational materials, activities, and information regarding community supports and resources including crisis intervention services, Warmline, and text support.

Telehealth provides consistent access to the following services:

PSYCHIATRIC REHABILITATION

- Remote individual 1:1 services
- Remote group services
- Access to resources

PEER SUPPORT

- Remote services
- Access to resources
